Email: [info@rocc.co.uk](mailto:info@rocc.co.uk)

Signbox have signed with IT Infrastructure specialists ROCC after experiencing poor performance with their server based email and CRM system.

The specialists at ROCC promptly developed a solution for the Signbox team which concentrated on a phased plan to improve business performance without major upheaval, all within a sensible budget. The assignment was quickly progressed with the migration to ROCC's Hosted Exchange service enabling the server to be optimised for performance of the CRM system.

"ROCC have proved really efficient and easy to deal with and our IT infrastructure is now more reliable and resilient."

**Signbox MD, Mark Bartlett**

ROCC successfully delivered within the set time frame and budget and the system was put in place along with on-going support that will develop as Signbox continues to expand their business.

"It's been great working with Signbox and we look forward to supporting their growing business in the future with new technology solutions."

**ROCC Business Manager, Andy Westhead**

#### **About ROCC**

*For over 20 years, ROCC has been involved in many high - profile IT projects in software and infrastructure.
